

WILLIAM M. AUBERLE, P.E., BCEE
Principal, EN3 Professionals, LLC
Professor Emeritus, Northern Arizona University

William M. (Bill) Auberle maintains an active engineering practice as a Principal at EN3 Professionals -- a consulting engineering firm serving clients throughout North America. Concurrently, he is a Professor Emeritus of Civil and Environmental Engineering in the College of Engineering, Forestry, and Natural Sciences at Northern Arizona University. Professor Auberle's professional expertise includes air quality management and engineering, waste management strategies, environmental risk assessment and management, energy policy, and environmental conflict resolution.

Professor Auberle formerly was President of the national environmental consulting firm Yates & Auberle, Ltd.. In this capacity he directed professionals in the disciplines of environmental engineering, industrial hygiene, hydrogeology, and environmental monitoring and analysis.

Prior to entering business and education, Professor Auberle served governmental agencies as an author and administrator of environmental laws and regulations. His responsibilities have included the direction of programs in air quality management, water pollution control, radiation protection, noise control and solid/hazardous waste management. In 1978 and 1979, Professor Auberle managed all environmental protection programs for the State of Colorado.

EDUCATION

Professional Studies, Columbia University, New York

Professional Studies, University of Missouri, Columbia, Missouri

M.S.E., Environmental Engineering, West Virginia University, 1967

B.S.I.E. West Virginia University, 1966

PROFESSIONAL EXPERIENCE

| | |
|----------------|--|
| 2009 – Present | Principal; EN3 Professionals, LLC |
| 1995 – 2012 | Program Manager; Landsward Institute, Northern Arizona University |
| 1990 – present | Professor/Professor Emeritus, Civil & Environmental Engineering; Northern Arizona University |
| 1984 – 1990 | President; Yates & Auberle, LTD |

1980 – 1984 Manager, Engineering and Marketing Services; Kemron Division, Borg Warner Corp.

1977 – 1980 Director, Division of Air Pollution Control, Associate Director of Health – Environmental Programs; Colorado Department of Health

1970 – 1977 Supervisor, Regional Air Pollution Control Agency and Chief, Bureau of Engineering; Montgomery County (Ohio) Combined General Health District

1967 – 1970 Air Pollution Specialist, Chief – Surveys & Studies, Assistant Executive Secretary; Missouri Air Conservation Commission

REGISTRATIONS AND CERTIFICATIONS

Licensed Professional Engineer – Arizona, Louisiana, Ohio
Board Certified Environmental Engineer

PROFESSIONAL SOCIETIES

Member, National Steering Committee, Building Environmental Aboriginal Human Resources, Canada
Board Certified & Past Trustee, American Academy of Environmental Engineers & Scientists
Fellow Member & Past Vice-President, Air & Waste Management Association (A&WMA)
Member, Grand Canyon Section, A&WMA
Past Chairman, A&WMA Committees on Risk Assessment/Management, Regulations and Standards, Student Affairs, and Strategic Planning
Past Trustee, Institute of Professional Environmental Practice
Member, Tau Beta Pi

CURRENT COMMUNITY SERVICE ACTIVITIES

Chair, Board of Directors, and Co- Chair of the Science & Policy Committee, Audubon Arizona
Board of Directors, Southwest Renewable Energy Institute
President, Coconino County Industrial Development Authority
Board Member, Advisory Board, Institute for Tribal Environmental Professionals

PUBLICATIONS AND PRESENTATIONS

Bill Auberle has extensive publications featuring topics on air quality and the effects of air pollution, hazardous waste management, environmental risk management, Native American environmental management programs, innovative environmental education, wind energy development, and energy efficiency.

Bill has developed more than 400 technical policy addresses as a public official, technical consultant and educator. He has been a frequent television and radio guest and participated in a weekly radio program for four years regarding Ohio environmental affairs.

In addition to his lengthy career at Northern Arizona University, Bill Auberle has been a member of the faculty of the University of Colorado School of Medicine, Community College of Denver and Dayton Engineering and Science Institute. His courses and lectures have covered such topics as air pollution engineering, environmental policy, environmental health, and environmental risk management.
